# CALL FOR PAPERS

## FIRST NATIONAL CONFERENCE ON CARBON SEQUESTRATION

*Progress Through Partnership*

May 15-17, 2001 • Renaissance Washington DC Hotel

# The National Energy Technology Laboratory is initiating a national conference on carbon sequestration. Come showcase your work and meet other professionals involved in this emerging area of energy research.

## Conference Objective

Provide a forum where scientists and engineers interested in carbon sequestration can present new technological concepts, hear about recent developments, and develop research partnerships.

## Focus

Parallel technical sessions:

- CO<sub>2</sub> separation and capture
- geologic sequestration
- ocean sequestration
- enhancing terrestrial sinks
- advanced production and conversion concepts
- modeling, assessments, emissions trading and off-sets

Please reference the Carbon Sequestration R&D Program Plan for a more detailed description of the R&D areas of interest. The plan can be downloaded at <http://www.netl.doe.gov/products/gcc/index.html>.

The conference will include plenary speakers on climate change science, energy policy, and other topics of interest.

Senator Byrd, Secretary of Energy Richardson and NETL Director Bajura at the designation ceremony for the National Energy Technology Laboratory December 10, 1999

## Who Should Attend?

- scientists and engineers
- energy industry professionals
- entrepreneurs
- policy makers

## Abstracts

Submit abstracts by December 1, 2000 to Kim Yavorsky at [kimberly.yavorsky@netl.doe.gov](mailto:kimberly.yavorsky@netl.doe.gov). Abstracts should be 300 words or less. Include the title of the paper and the primary author's name, address, phone, and email. Also contact Kim with any questions regarding the conference, 412.386.6044.

## Venue

The conference will be held at the Renaissance Washington DC Hotel, May 15-17, 2001.

## For Updates

Please visit the NETL website at [www.netl.doe.gov](http://www.netl.doe.gov).
